(base) naimamarseille@Naimas-MacBook-Air-6 Spring 2026 % java -jar lib/junit-platform-console-standalone-6.0.3.jar -cp src --s
elect-class PSP.BankAccountTest_Template
Unknown options: '-cp', 'src', '--select-class', 'PSP.BankAccountTest_Template'
Usage: junit [OPTIONS] COMMAND
Launches the JUnit Platform for test discovery and execution.
      [@<filename>...]   One or more argument files containing options.
  -h, --help             Display help information.
      --version          Display version information.
      --disable-ansi-colors
                         Disable ANSI colors in output (not supported by all terminals).

Commands:
  discover  Discover tests
  execute   Execute tests
  engines   List available test engines

For more information, please refer to the JUnit User Guide at
https://docs.junit.org/6.0.3/
(base) naimamarseille@Naimas-MacBook-Air-6 Spring 2026 % java -jar lib/junit-platform-console-standalone-6.0.3.jar execute --c
lass-path src --scan-class-path
